

# Plastic Bag

by Nick Cope

(from his 2016 album 'A Round of Applause for the Dinosaurs')

**G** **C**  
There's a plastic bag, floating in the ocean, floating in the ocean

**Em** **D**  
And what are we to do?

**G** **C**  
There's a plastic bag, floating in the ocean,

**Em** **D** **G**  
floating in the ocean blue.

And if the plastic bag starts breaking into pieces, breaking into pieces,

What are we to do?

If the plastic bag starts breaking into pieces  
into pieces in the ocean blue.

And if the little pieces are eaten by the fish eaten by the fish

What are we to do?

And if the little pieces are eaten by the fish the fish  
Swimming in the ocean blue.

And if the fishermen fish the fish swimming in the ocean, swimmining in the ocean

What are we to do?

And if the fishermen fish the fish swimming in the ocean  
swimming in the ocean blue.

And if we eat the fish fishermen fished from the ocean fished from the ocean

What are we to do?

If we eat the fish fishermen fished from the ocean  
fished from the ocean blue

We'll have a plastic bag floating inside us floating inside us

What we gonna do?

We'll have a plastic bag floating inside us  
Inside of me and you

**C** **C** **Am** **D**  
Oh what are we to do? Oh what are we to do?

We need to stop those bags floating in the oceans, floating in the ocean

That's what we need to do

We need to stop those bags floating in the ocean  
Floating in the ocean blue.

REPEAT with tagline
